

Step-by-Step Guide to Registering Your 2021 SASEF Project

- 1) [Teacher registers online here](#). Note: if your school/teacher is not participating, you can still register as a home school project. Use your last name as a “school name”, and the student’s parent/guardian as a “teacher”.
- 2) [Student creates a project account here](#). Click on the “create new account” button next to sign in. Each participating project must create an account. Once you have created your project account, if it is a team project, you can add additional students within the project account by clicking the green “add another student to this project” button.
- 3) Find out if your project requires pre-approval. Read more about how to find out on [step 3 on this page here](#). Projects that require pre-approval must submit necessary paperwork no later than **January 15, 2021**.
- 4) Click on **Pre Approval Paperwork** to submit the required forms. If your project does not require pre-approval you will be able to indicate this after clicking on **Pre Approval Paperwork**.

▶ **Next Step:**

You need to see if your project requires pre-approval before you can begin your experiment. Click on the Pre Approval button below to find out. Until this step is completed, you won't be able to register to participate at our science fair. One or more students are missing entry forms. One or more students do not have their registration fees submitted. See step 5 on [How to Register & Participate](#) page for fee submission details.

Pre Approval Paperwork
Deadline: January 15th

Project Registration
Deadline: February 28th

Final ISEF Forms
Deadline: February 14th

Student Entry Forms
Deadline: February 28th

Virtual Project
Deadline: March 24th

Project Information | [edit](#)

Project ID: *assigned after registration | no AC power*
Project Title: Dogs and Cats
Division & Category: (S) Senior Division in (EA) Earth and Planetary Science Category
From: Moody Home School - Jason Moody

Abstract | [edit](#)

Abstract is required for participation (maximum of 250 words)

Student Information | [edit](#)

Shelby Moody (F, 11) *not paid*
jasonbmoody@gmail.com
[upload entry form](#)
[media images opt-out release](#) (optional)

[Add another student to this project](#)

- 5) Once your pre-approval paperwork has been approved by SASEF you will see a green checkmark indicating it was approved.

Next, click on **Project Registration** to indicate your intent to compete in the 2021 Virtual SASEF. Complete the next steps required.

At this point you can click on **Add another student to this project** if it is a team project. Make sure to upload your **Abstract** before attempting to upload final ISEF forms. And you are also welcome to fill out the **media images opt-out release** if you do not wish for your photo or likeness to be included in any publications, social media, media releases, or other similar media.

If you have all your Final ISEF Forms in one file, you can upload that file with "All Files" upload slot. If you forms are in separate files, you can upload them in their appropriate file slots.

Once your forms are all uploaded, click the "Submit ISEF Forms" button; our staff will review your project and inform you and your teacher of the outcome along with any additional steps that may be needed. Please note that you will need to upload all the required forms for your project at once, as determined by the [ISEF Rules Wizard](#). You can only upload PDF and JPEG file formats where total upload size does not exceed 8MB.

! When you are done uploading your Final ISEF Forms, click the "Submit ISEF Forms" on the bottom of this page.

All Files

Upload all paperwork in one file above, and/or select to upload each file independently from list below.

Form 1
Checklist for Adult Sponsor

Form 1A
Student Checklist

Research Plan

Form 1B
for Shelby Moody

Form 1C
Regulated Research Institutional

Form 2
Qualified Scientist Form

Form 3
Risk Assessment Form

Form 4
Human Participants and Informed Consent

Form 5
Vertebrate Animal Form (5A and 5B)

Form 6A
Potentially Hazardous Biological Agents

Form 6B
Human and Vertebrate Animal Tissue

Form 7
Continuation Projects

Extra file slot

Submit ISEF Forms

[go back](#)

- 8) As you upload forms boxes will turn green based on the forms you have uploaded. In the example below this project was required to submit Forms 1, 1A, 1B, 4, 5, and a Research Plan. Once you are finished click "Submit ISEF Forms".
